

## REVIEW AND REFLECTION ON 2022/2023

### Key Achievements to date:

- Observations show that the vast majority of children are engaged with lessons and enjoy P.E. lessons.
- Pupil Survey showed that 100% (of children surveyed) really enjoy the P.E. lessons that they are in.
- The school has entered Inter school competitions across a range of sporting areas since Covid restrictions were lifted. These include: Cross Country, Athletics (Sportshall, EIS & Quad Kids), Football (3/4, 5/6 and girls), Tag Rugby, Swimming, Do Yourself Proud, Boccia.
- Winners of: Sportshall Athletics for 3/4, 5/6 and Development squad. Qualified for the Humber School Games with 5/6 Quad Kids team to compete against schools from NE Lincs, Hull and East Riding - Finished 2nd overall.
- Sports leaders from last year continued to promote PE on the playground and are now completing the new Bronze cards.
- Six sports days successfully completed. New format trialled and enjoyed by both teachers and children in Years 3 and 4.
- The sports premium is reviewed termly and any purchases considered are done so in order to improve the quality and provision of all lessons as well as promote PE within the school.
- PE and sporting achievements are celebrated in P.E. specific Special Mention assemblies and through rewards such as 'dojo's'.
- School website is continuously updated to give regular updates on P.E. and sport within Berkeley Primary.
- A new PE curriculum has been purchased and used throughout the year since September. Staff have been supportive of the switch over to 'Get Set 4 PE' and feel the plans have enabled them to teach 'better' PE lessons.
- Resources have been considered and with consultation with members of staff, purchased to aid the delivery of the new PE curriculum from Foundation to KS2.
- At school we have maintained the varied offer of sports to the students, catering for as many children as is available across a broad spectrum of disciplines. This also included all children in Y5 and Y6 taking part in the N.Lincs orienteering competition, over 160 pupils.
- Sports Presentation evening organised for 10/7/23 celebrating achievements of children in P.E. and sports across all Key Stages. Two female guest speakers were invited to help raise the profile of females in sports.

### Areas for further improvement and baseline evidence of need:

- Improve assessment criteria for PE
- Opportunities to take KS1 to inter school competition and increase the number of intra school events they participate in.
- Ensure a more clear progression is evident year on year through subject analysis, pupil interviews, teacher feedback and observations.
- Continue to promote sports for girls within school in line with ongoing national initiatives.
- Offer more clubs/sporting opportunities for KS1 children.
- Ensure all staff have a good understanding of assessment criteria.
- Through P.E. staff meetings, ensure staff have improved subject knowledge and understand how to ensure children are achieving their success criteria.
- More frequent lesson observations of KS1 and KS2 PE.
- Targets and objectives to be made clear to children in PE lessons, monitored through lesson observations and assessments.
- To extend the number of clubs offered to children, whether they are provided through employed staff or external agencies.
- Earlier organisation of intra-school competitions.
